1 PART 1

1.1 PURPOSE

To recommend to council an approval of 2022/23 adjustment budget in terms of section 28 (2) (b), (e) and (f) of the Municipal Finance Management Act of 2003.

1.2 BACKGROUND

Section 16 (1) of the MFMA requires that the Council of a municipality must for each financial year approve an annual budget for the municipality before the start of that financial year. On 30 May 2022, Council approved the Annual Budget for the financial year 2022/23. The approved 2022/23 annual budget and its supporting documentation was submitted to National and Provincial Treasury as required by section 22(b) (i) of the MFMA.

The adjustment budget is prepared in terms of Section 28 (2) (b), (e) and (f) of the MFMA which state that an adjustment Budget:

- (2) (b) May appropriate additional revenues that have become available over and above those anticipated in the annual budget in order to accelerate spending programmes already budgeted for;
- (2) (e) May authorise the spending of funds that were unspent at the end of the past financial year, where the under-spending could not reasonably have been foreseen at the time to include the projected rollovers when the annual budget for the current year was approved by the council;
- (2) (f) May correct any errors in the annual budget.

As per the requirements of section 28 (2) (b) and (e) of the MFMA the, corrections have been made in the approved budget, these include both corrections as indicated by Provincial Treasury as well as those identified by the municipality on reviewing and preparing this adjustments budget.

1.3 MAYOR'S REPORT

The Adjustment Budget is presented based section 28 of the MFMA which state that municipality may revise an approved annual budget through the adjustment budget. In the preparation of this adjustment budget, we made sure that basic service delivery is not compromised, and we also ensured compliance with the section 28 (4) – (5) of the MFMA. The strategic priorities for the Maphumulo Local Municipality are set out in the integrated Development Plan (IDP), which was reviewed for the 2022/23 financial year and will be revised every year as prescribed by legislation. This adjustment budget is in line with our IDP.

In order to ensure continuous and sustained development and service delivery within the municipal area, Maphumulo Municipality identified programs and projects that constituted the municipalities focus areas during the year under review. These programs and projects fall under the national key performance areas for local government. The integration of these programs and projects was pursued during this planning and alignment cycle.

The adjustment budget is prepared in terms of Section 28(2) of the MFMA which states that an Adjustment Budget:

- Revises the approved annual budget by adjusting revenue and expenditure estimates downwards if there's material under-collection of revenue during the current year.
- May appropriate additional revenues that have become available over and above those anticipated in the annual budget in order to accelerate spending programmes already budget for.
- May within a prescribed framework authorise unforeseeable and unavoidable expenditure recommended by the Mayor of the Municipality
- May authorise the utilisation of projected savings in one vote towards spending under another vote.
- May authorise the spending of unspent funds at the end of the past financial year where under-spending could not have been reasonably foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the Council of the Municipality.
- May correct errors in the annual budget and
- May provide for any other expenditure within a prescribed framework.

The Municipality adopted a Vision and Mission that will provide direction for the municipality. Under my leadership and that of the Acting Municipal Manager, Mr T Khuluse and the Executive Committee, much progress has been made to accelerate service delivery in the municipal area. In this context, it is recommended that Council considers and approves the adjustment budget.

1.4 EXECUTIVE SUMMARY

In preparing this Adjustment Budget we considered Section 28 of MFMA which states that the municipality may revise an approved annual budget through an adjustment budget. In terms of section 28 (4) of the MFMA, the Mayor of the Municipality must table an adjustment budget in the municipal Council accompanied by explanations on how the adjustment budget affects the annual budget, provide supporting documentation and motivates for any material changes to the annual budget. Paragraph (6) of that section, however, forbids the mayor to adjust tariffs and taxes except where required in terms of a financial recovery plan.

In view of the aforementioned, the following table is a consolidated overview of the proposed 2022/23 Adjustment Budget Revenue and Expenditure Framework:

PART 2

1.5 ADJUSTMENTS TO BUDGET ASSUMPTIONS

IDP informs the budget. When the original budget was compiled, various public meetings were held, and input was gained from those meetings to compile the IDP. Strategic workshops were held with political stakeholders to identify needs in the various wards that would be included in the IDP. Those needs were prioritized and are still part of this 2022/23 Adjustment Budget.

The budget assumptions as per the original approved budget are still applicable on this adjustments budget.

1.6 ADJUSTMENTS TO BUDGET INCOME

Income is mainly made up of grants, property rates, and other income. These income projections are based on a billing charge except the interest earned from investment and other Income account which is based on cash bases.

The total operating income as per the original approved budget is R142.2 million, it has been adjusted downward to R142.1 million.

Property Rates

The original approved budget for Property rates is R24 million. Property rate is adjusted downward to R22.2 million, this adjustment is based on actual revenue billed from July 2022 to January 2023 and the projection of billing for the next five months.

The actual billings for different property categories are as follows.

- Government properties were adjusted downward by R9116 000 because government properties were billed for entire year at the beginning of the financial year and no billing will happen till the end of financial year.
- Commercial properties adjusted downward by R916 000. Most of commercial properties is already billed for entire year we anticipate raising billing of R382 000 from now till the end of financial year.
- Agricultural properties were billed at the beginning of the year and these properties were given 100% rebate and no adjustment made for to agricultural properties.
- Ingonyama Trust properties were billed at the beginning for the entire year and were giving 100% rebate no adjustment made on this category.
- > Residential properties adjusted upwards by R45 400.

Rental of Facilities and Equipment

Rental of facilities and Equipment comprises of hall hire fees and rentals debtors. Hall hire fee is on cash bases and Rental debtors is based on billings. The rental of facilities and equipment as per the original approved budget is R920 000 and adjusted upwards to R940 100 based on mid-year performance and expected monthly billings.

Hall hire rentals original budget was R12 300 and no adjustment made.

Refuse Revenue

The original budget for refuse revenue is R202 000, based on monthly performance no adjustment made on refuse revenue.

License and Permit

The original budget for license revenue is R8 000 and no adjustment made.

Agency services

The original budget for agency services is R117 000 and there's no adjustment made.

Interest Earned External Investments

Interest earned on external investments as per the original approved budget is R462 000 and is adjusted upwards by R200 00 to R662 000. This adjustment is based on the fact that the municipality opened new investment Bank account with ABSA Bank, and we are anticipating accumulating R200 000 from our new investment account.

Interest earned - outstanding debtors.

Interest earned on outstanding debtors as per the original approved budget is R209 000 and adjusted down to R164 000. This adjustment is based on that some property categories received 100% rebates; Government properties are paying accordingly what is outstanding on Government property is not yet due to us since we billed them in the beginning of the year (Pre billing).

The interest outstanding debtors final budget ii made up of two property rates categories rental debtors, which budgeted as R45 000 for residential properties, R155 000 for commercial properties and R8 600 for Rental debtors.

Transfer receipts – operational

Budgeted operational grant was based on the Division of Revenue Bill (DoRB) issued by Treasury in March 2022. The original budget is R115.9 million. Transfers and subsidies adjusted by R1.1 million coming from previous year. This is Library grant approved roll over which will be realised during 2023.

Other Revenue

Other revenue account is on cash bases. Other revenue as per the original approved budget is R342 000 adjusted upward to R576 000. The following table shows the original budget and adjustments budget per item.

Employee Related Cost and Remuneration for Councillors

Employee related costs as per the original approved budget is R52.9 million. This budget increased by R1.3 million after the recalculation of twelve months salaries for current employees and the few that might likely to join the municipality towards financial year-end. The final budget for Salaries is R54.2 million this budget it includes leave and bonus provision, Leave are payable as when the employee move from current position to the next within the municipality or if employee is leaving the municipality and Bonuses payable in the 2023/24 financial year, 25th of November 2023.

Remuneration for Councillors as per the original approved budget is R9.4 million and after the extra population of 12 months current councillor's salaries no much adjustments there the remuneration for councillors remain as R9.4million no changes.

Analysis of Employee cost the salary norm must rage between 25%-40%. The current Budget salary norm as per this adjustment budget is as follows:

- = Employee Cost + Remuneration for Councillors Total Operating expenditure
- R54.2 million + R9.4 million = R140.3 million
- 45 % which is above the norm =

Although the municipal Employee related cost increases in the adjustment budget the contracted services adjustment budget show a decrease of R2.4 million.

Debt Impairment

Debts impairment consist of consumer debtors. Debtors are tested for debt impairment annually. The original budget for debt impairment is R3 million. This budget adjusted down to R2. million.

The reason for the adjustment is based on the billed revenue and the possibility to recover the debts before 30 June 2023.

The following rate payers are not paying as they supposed to. We raise billings and we also raised a provision for impairment of the amount equal to billing plus interest charge. This is done based on that we don't want to overstate budget for Accounts receivable and current ratio at the end of the budget year.

These are the rate payers which there is high possibility that they will fail to pay their debts as at the end of budget year there for we made a provision for current debt.
